Re: Letter of Reference

Dear Tom,

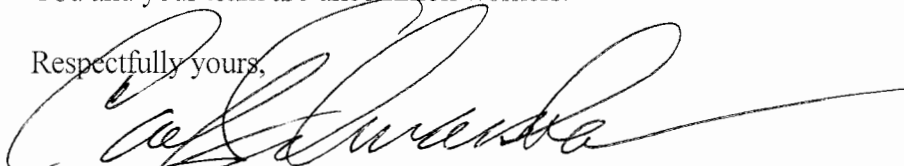

It is a pleasure to provide you with our letter of recommendation. I am happy to report that Victaulic has been a customer of yours for almost two years. We sincerely appreciate the effort that you have extended to us and I am confident that our association will continue for many more years.

The claims that you have helped us to manage have been "worked" with a level of professionalism unmatched by any other vendor. I have been fortunate to be a Victaulic employee for twenty-five years, and during that time I believe I have been able to develop a level of expertise that has made me an important asset to this company. Yet in spite of my own professional experience I feel that I have become even more valuable because of my association with you and your exceptional staff.

Your web site is truly revolutionary. It easily provides me with both the current and historical information that I require. You have managed to change the third party collection process from a clumsy collection of individual files to a simplified task and an extremely valuable tool.

I thank you again for all of the hard work and effort that you have extended on our behalf. You and your team are uncommon workers.

Respectfully yours,

Carl Selmasska
Credit Manager
